Subject: Interxion to combine with Digital Realty

Attachment: Press Release

Dear all,

Today we announced that Interxion has entered into a definitive agreement to combine with Digital Realty, a global company that develops and operates data centres across North America, Europe, Latin America, Asia and Australia. Together, we will create a leading global provider of data centre, colocation and interconnection solutions, significantly enhancing our ability to serve our customers on a global scale.

This is a transformational transaction for Interxion and one that could only have come about due to your consistent execution of our long-term strategies and your unrelenting commitment to our customers and culture, which has given us a leading role in the European market.

Digital Realty has a leading footprint in the data centre industry, and this deal will give our combined company's customers a differentiated and superior European and global platform, providing them with the full spectrum of data centre offerings. It delivers significant strategic, product and customer benefits. You will be able to find out more about these benefits in the attached press release, as well as in the Q&A, which will be published on *conneXion* once we have met with all the country teams.

Please look for your invitation to the country meetings on Wednesday. These will be led by your local MD Jan-Pieter Anten and Giuliano di Vitantonio will host meetings in the Netherlands and United Kingdom HQs respectively.

Leadership and next steps

Once the transaction closes, Digital Realty's CEO, Bill Stein, will serve as CEO of the combined company. I will serve as the Chief Executive of the combined company's Europe, Middle East & Africa (EMEA) business, which will be named "Interxion, a Digital Realty company" at the close of the transaction. My plan is to transition out of this role at some point within approximately one year of completion of the transaction.

As part of my role, I will lead the combined company's efforts to organise and execute a programme to identify and develop high-value communities of interest across the combined company's platform.

Digital Realty Chief Financial Officer, Andy Power, will serve as CFO of the combined company.

The deal is subject to the normal-course approval of Digital Realty and Interxion shareholders, as well as other customary closing conditions, and we anticipate it will close sometime in 2020.

If you have any questions or receive any inquiries from customers, partners or the press, please direct them to your local MD, functional VP or SMT member. We will continue to keep you updated on our progress over the coming weeks and months.

I am deeply proud of the company that Interxion has become and thank you all for everything you have done to drive us to this point. This deal is testament to your success, and I look forward to working with you and our colleagues at Digital Realty to come together to build the world's pre-eminent data centre provider.

For now, let's continue to work on business as usual, operating as two fully independent companies. We will continue our focus on delivering on our proven strategy, serving our customers, and working together as a team with courage and passion to deliver another strong year for Interxion.

Kind regards,

David Ruberg, CEO
